

Ulster and Greene Counties ARC Fishing Day 2012

Retired ECO Marion Hoffman writes: "A wonderful time was had by all. We had cool give aways this year. Everyone got a hat visor (courtesy of Ulster TRAPPERS Association) and a key chain (lizard, turtle, bear or fish variety). Tom Carpenter from Tom's Bait and Tackle supplied the bait. Our own Fisheries Outreach specialist Ryan Coulter provided the poles and volunteers from the Ulster Sportsmen's Federation were on hand to assist. Approximately 100 people were there. Our participation consisted of ECO's Shepherd, Whalen, Stephens, Schillinger, BECI Investigator Harcher, Lt. Lindsley, and retirees, Tim Canfield, Howard Wendler, Louis Bello, and Marion Hoffman and also retired Wildlife Biologist Dick Henry. Thank you to the Town of Wawarsing for allowing us the use of their Lippman Park facility. And of course, we could not do this without the support of the New York Conservation Officers Association who sponsors this event each year. Thanks to everyone who makes this possible. See you next year!"
